Dear Sir,

I refer to my conversation with you of 14 days ago, and now wish to advise that the Bank has suggested that as a perpetual trophy for Dragons they submit the following suggestion to your Committee:-

- (1) Trophy to be called "The A.N.Z. Bank Trophy".
- (2) The Bank to provide a suitable honour board to be housed in an appropriate position and on which is recorded the name of the yearly winner.
- (3) The provision of a Pewter Beer Tankard (large) inscribed "The A.N.Z. Bank Trophy".
- (4) A small glass case (to be provided by the Bank) to house the tankard and to be maintained in a prominent position in the bar.
- (5) Following the announcement of the winner (presumably at the Annual meeting and/or Dinner) the recipient is required to "christen" the tankard in the accepted manner before it is returned to the custody of the bar steward.
- (6) For the entire period until the next Annual meeting/Dinner the holder is entitled to approach any member of the club and demand the tankard be filled with beer at the latter's expense. There is to be no limit to the number of members that can be approached but the one member cannot be called upon more than once daily/weekly/monthly - your Club's Committee to decide the limitation period.

The Bank goes on to state that they have given several similar trophies to Licensed Yacht Clubs and Bowling Clubs in Victoria and such trophies have been readily accepted, however, they mention that they are

not au fait with the general "atmosphere" prevailing in your club and put forward the above suggestion for your consideration.

I would be obliged if you would inform me if this suggestion, which is both novel and unusual, is agreeable to you.

Yours faithfully,

MANAGER.

Dear Sir,

By the direction of my Committee I am pleased to advise that your generous trophy donation, as detailed in your letter of the 24th. ultimo, is accepted with gratitude.

In so doing there is one suggestion we wish to submit for possible consideration. This is with regard to the trophy being perpetually awarded to our International Dragon Class Fleet.

My Committee feels that this could present a problem sometime in the future, due to the possible decline of this Class. While this must be considered highly improbable at this time, we feel that such a contingency could occur and for this reason suggest that the future allocation after the initial period, may be left to the discretion of the General Committee, bearing in mind that it would always be allocated to the largest one design class on the Club Register.

We trust that the foregoing suggestion may be favourably considered.

Yours faithfully,

W.B. Miles  
Hon. Secretary

THE AUSTRALIA AND NEW ZEALAND BANK LIMITED TROPHY

It is with pleasure the General Committee advises that this perpetual trophy has been made available for competition by the largest one design class on the Club Register.

The donors have approved the General Committee's decision to allocate this novel trophy for initial competition by the International Dragon Class.

Following the announcement of the winner at the Annual Presentation Night, the person so fortunate will "christen" the tankard in the accepted manner before it is returned to the custody of the steward. For the ensuing twelve months the holder is entitled to approach any member of the Club and demand the tankard be filled at the latter's expense. There is to be no limit to the number of members that can be approached, but the one member cannot be called upon more than once weekly.
